## THE END™

Cartridge No. 21

Part No. 826030

## **OBJECT OF THE GAME**

*The space bandits are trying to steal the bricks from your defense bases. If you do not destroy them, they will spell your "END". They can be destroyed by missiles shot from your rockets. Your rocket (missile launcher) can hide behind the bricks and occasionally slide over and fire at the bandits by shooting your rocket through the space between the brick piles. Alternately you can eject your rocket into space and meet the bandits "HEAD ON". But be careful you don't collide with them because that can be "THE END" of your rocket.*

## **HOW TO PLAY**

*A maximum of eight space bandits can appear at any one time being ejected by the moving Mother Ship. For each bandit you destroy you get 20 points. If you destroy a "Brick-carrying Bandit" you get 40 points.*

## **CHANCE TIME**

*Occasionally the words "CHANCE TIME" will appear at the top of the screen and the Mother Ship will appear on the left side of the screen. Shooting the Mother Ship during this "CHANCE TIME" will award you with 200 points. When hit, the Mother Ship will glow a yellow color and then fade away.*

## **GAME IS OVER**

- A. When all your 4 rockets are destroyed by the space bandits*
- B. The word "END", in bricks is completed at the top of the screen*

## **RULES OF THE GAME**

- A. When all the bricks are picked up or when a rocket is destroyed a new set of bricks will appear.*

B. After the play has exceeded 1,000 points then the bandits will start shooting at your rockets. Watch out for the "shooting" bandits.

They will take the shape of a "MUTANT" firing at you. As play proceeds, the firing mutants will move faster and appear more frequently.
